

Dear Colleagues,

Just to let you know that the MCRN/ARC Paediatric Rheumatology CSG's webpage ([http://www.arc-research.org.uk/med\\_director/paedrheumcsg.asp](http://www.arc-research.org.uk/med_director/paedrheumcsg.asp)) has recently been updated, and includes:

- A copy of our 2009 Annual Report
- Up to date posting of approved Minutes of TCs and Face-to-face meetings of the CSG
- A table outlining current activity related to each of the CSG's topic specific groups (TSGs)
  - Please take particular note of those TSGs who are hosting TSG-related meetings shortly, especially Bone Health TSG and Vitamin D meeting; the JDM TSG; a planned meeting of the JIA-uveitis JIA with the next BSPAR Clinical Affairs Away Day; and an inaugural meeting of the Non-inflammatory TSG

On behalf of all Members including our three consumer representatives, we'd like to wish you a very happy and peaceful New Year

Yours sincerely

Michael

Dr Michael W Beresford
